

**CHICAGO PUBLIC SCHOOLS
Office of Language and Cultural Education (OLCE)
World Languages and International Studies Unit**

**“Effective Classroom Management
Strategies:
Sharing Experiences & Suggestions”,
Facilitated by Jane Lu and Norma Schiller**

**Professional Development for
CPS World Language Teachers**

Whether you are a new World Language teacher or have been teaching for several years, everybody faces classroom management challenges. Come share your successful classroom management strategies as well as challenges you have faced or anticipate facing this school year with your fellow World Languages teachers. Discuss scenarios and receive suggestions from your colleagues who might have experienced similar challenges or situations, including the unique circumstances of sometimes not having your own classroom! Explore a variety of techniques and resources to apply to your classes in several hands-on activities. At the end of the workshop, everyone will receive a summary of the techniques shared and a list of resources for further reading. We will even raffle off a book on classroom management! Office of Language and Cultural Education consultant, Norma Schiller, and Jane Lu, Coordinator of Chinese World Language Programs, will facilitate this workshop.

You will receive **2 CPDUs** for your participation. **Please register by e-mailing your name, school name, language and levels taught to Cristina Carreto at CCarreto@cps.k12.il.us by Monday, September 21** as space is limited. In order to best serve your needs at this workshop, please indicate if this is your first year teaching. **Parking behind the school is limited. We look forward to seeing you!**

**Friday, September 25, 2009
1:00 P.M.—3:00 P.M. (sign-in 12:30-1:00 P.M.)
Confucius Institute in Chicago
